INTRODUCTION

Ward Five Fire Protection District No. 1 of Morehouse Parish was created by resolution of the Morehouse Parish Police Jury on May 4, 1968, for the purpose of purchasing and maintaining fire equipment and providing fire protection for the people of Ward Five of Morehouse Parish. The district is governed by a board of commissioners consisting of five members. The commissioners are appointed by the Morehouse Parish Police Jury for terms of two years. Commissioners receive no compensation for the services. The district has no employees.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying financial statements of Ward Five Fire Protection District No. 1 of Morehouse Parish have been prepared in conformity with generally accepted principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Morehouse Parish Police Jury is the financial reporting entity for Morehouse Parish. The financial reporting entity consists of (i) the primary government (police jury), (ii) organizations for which the primary government is financially accountable, and (iii) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Morehouse Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability.

This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the police jury to impose its will on that organization and/or

OF MORCHHOUSE PARISH

Notes to the Financial Statements (Continued)

- b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the Morchhouse Parish Police Jury appoints the governing board and because the district operates within the geographical boundaries of Morchhouse Parish, the district was determined to be a component unit of the Morchhouse Parish Police Jury, the governing body of the parish and the governmental body with oversight responsibility. The accompanying financial statements present information only on the funds maintained by the district and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the governmental reporting entity.

C. FUND ACCOUNTING

The district uses a fund (General Fund) and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

The General Fund of the district is classified as a governmental fund. It accounts for the district's general activities, including the collection and disbursement of specific or legally restricted monies, and the acquisition or construction of fixed assets.

D. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The General Fund is accounted for using the flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of the General Fund present increases and decreases in net current assets. The modified accrual basis of accounting is used by the General Fund. The General Fund used the following practices in recording revenues and expenditures:

REVENUES

Ad valorem taxes are recorded in the year the taxes are assessed on a calendar year basis, because due on November 15 of each year, and become delinquent on January 1. The taxes are generally collected in December of the current year and January and February of the coming year. Delinquent taxes are considered fully collectible and therefore no allowance for uncollectible taxes is provided.

Interest income on time deposits is recorded at the end of each quarter when credited by the bank.

Intergovernmental revenues are recorded when the district is entitled to the funds.

EXPENDITURES

Expenditures are generally recognized under the modified accrual basis of accounting, when the related fund liability is incurred.

II. BUDGET PRACTICE

A budget for the coming year is prepared by the chairman and approved by the board of directors prior to December 31 of each year during the board's regular December meeting. The proposed budget was prepared on the cash basis of accounting. The budget was legally adopted by the board of commissioners. The board reserves all authority to make changes to the budget. Unexpended appropriations lapse at year end and must be reappropriated in the next year's budget to be expended. Neither encumbrance accounting, nor formal budget integration (within the accounting records) are employed as management control devices.

Notes to the Financial Statements (Continued)

The budget comparison statement included in the accompanying financial statements reflects the original adopted budget as no amendments were made during the year. The following reconciles the excess of revenues over expenditures for the General Fund as shown on Statement C & D (cash basis) with amounts shown on Statement B (GAAP basis):

Excess (Deficiency) of revenues over expenditures (Cash basis)	\$22,945
Adjustments:	
Receivables	(547)
Payables	<u>151</u>
Excess (Deficiency) of revenues over expenditures (GAAP basis)	<u>\$22,549</u>

F. CASH AND CASH EQUIVALENTS

Cash includes amounts in interest bearing demand deposits and cash equivalents include amounts in time deposits. Under state law, the district may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

G. FIXED ASSETS AND LONG-TERM DEBT

Fixed assets are recorded as expenditures at the time of purchase or constructed, and the related assets are capitalized (reported) in the general fixed assets account group. Interest costs incurred during construction are not capitalized. No depreciation has been provided on general fixed assets. All fixed assets are valued at historical cost or estimated cost if historical cost is not available. Of the \$227,383 of fixed assets reported on the balance sheet, \$251,036 or 97.5 per cent, are valued at cost while the remaining \$2,847 or 2.5 per cent, are valued at management's best estimate of original cost.

Any long-term debt incurred is recorded as other financing sources, and the related liability is reported in the general long-term debt account group. Repayment of the debt is recorded as an expenditure and the related reduction of principal is recorded in the general long-term debt account group when payment is made. The district has no long-term debt as December 31, 2008.

II. COMPENSATED ABSENCES AND PENSION PLAN

The district does not have any full time employees; therefore, it does not have a formal vacation or sick leave policy and does not contribute to a pension plan.

1. TOTAL COLUMN ON BALANCE SHEET

The total column on the balance sheet is captioned Memorandum Only to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

2. LEVIED TAXES

The district is authorized to levy a maximum of 4.50 mills annually on property within the district for maintenance and operation of the district. The district levied 4.50 mills for the year 2000. On October 23, 1999, the 4.50 mill property tax was renewed for a five year period beginning with the year 2000 and ending with the year 2004.

3. CASH AND CASH EQUIVALENTS

As December 31, 2000, the district has cash and cash equivalents (bank balances) totaling \$169,725 as follows:

Interest bearing demand deposits	\$ 15,855
Time deposits	<u>154,722</u>
Total	<u>\$169,725</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or remaining bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. As December 31, 2000, the district had \$169,908 in deposits (collected bank balances). These deposits were secured from risk by \$169,080 of federal deposit insurance (FDIC Category 1) and further collateralized with securities held by the pledging financial institution's trust department or agency in the amount of \$69,908.
